Did we achieve our goals and KPIs?

Goals

- ✓ Increase visibility of our product
- ✓ Increase sales

KPIs

- ✓ Impressions, Clicks, Conversions
- ✓ CTR = 0.5% + (our CTR = 0.7%)
- ✗ CVR = 10% + (our CVR = 4.5%)
- ✗ Sales = \$1,350 (our sales = \$1,087)

What could we have done differently?

- 01** Could have allocated lower daily budgets towards the end of the campaign
- 02** Could have chosen Stanley as a competitor and targeted them
- 03** Could have focused solely on KW targeting

Optimization (Weeks 1-2)

Spend	Sales	Impressions	Orders
\$44.79	\$143.59	64,922	5

Daily budget

KW = 75% or \$45/day
PDP = 25% or \$15/day

- KW campaign outperforming PDP campaign (5:0 orders)
- KWs and PDPs with impressions, clicks, orders = High suggested bid
- KWs and PDPs with impressions but no clicks = Median suggested bid
- KWs and PDPs with no impressions = Current bid

Optimization (Weeks 2-3)

Most Successful Keywords

20 orders “Yeti water bottles”

06 orders “Hydro flask water bottles”

03 orders “Ello insulated water bottle”

We think these keywords were the most successful because they were exact match types

Least Successful Keywords

0 orders “Ello gray water bottle”

0 orders “Hydro flask wide mouth”

0 orders “Yeti screw top”

We think these keywords were the least successful because they were phrase match types

Most Successful PDPs

6 orders

YETI Rambler 26 oz Bottle, Vacuum Insulated, Stainless Steel with Chug Cap (ASIN: B0842S56G8)

1 order

Hydro Flask Wide Mouth vacuum insulated stainless steel water bottle with leakproof closeable lid (ASIN: B07YXM6XTF)

We think these PDPs were the most successful because they were more expensive than our product

Least Successful PDPs

0 orders

Hydro Flask Lightweight Wide Flex (ASIN: BOCQKMP28R)

0 orders

Ello Cooper 32oz Stainless Steel Water Bottle with 2 Lids Chug and Straw (ASIN: BOD9ZC4QMM)

We think these PDPs were the least successful because they were a different color from our product

Recommendations

01 Continue bidding on exact match KWs like “Yeti water bottles,” “Ello insulated water bottle,” etc.

02 Avoid bidding on phrase match KWs like “Ello gray water bottle,” “Hydro flask wide mouth,” etc.

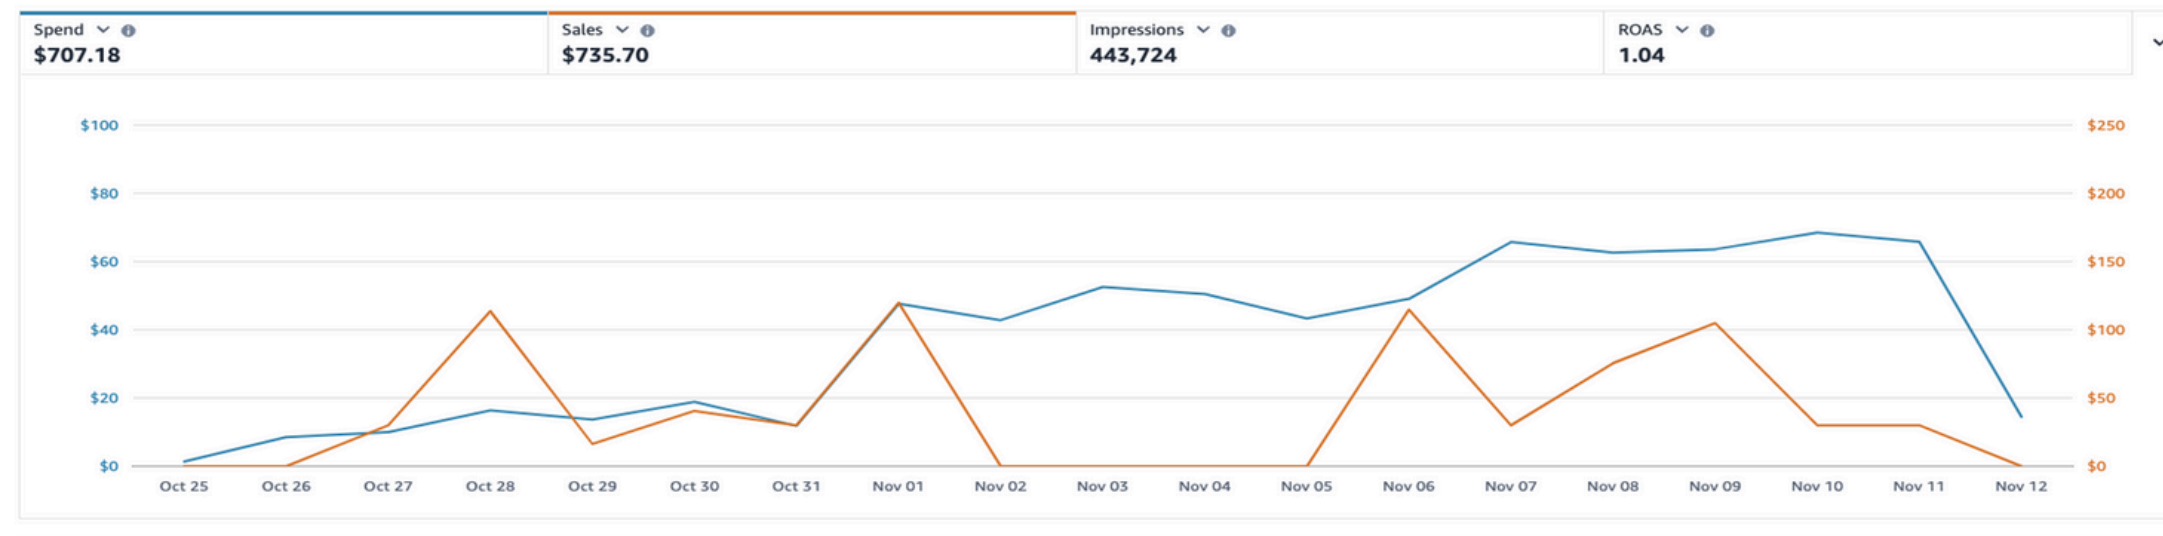

03 Continue selecting PDPs that are more expensive than our product

04 Avoid selecting PDPs that are a different color from our product

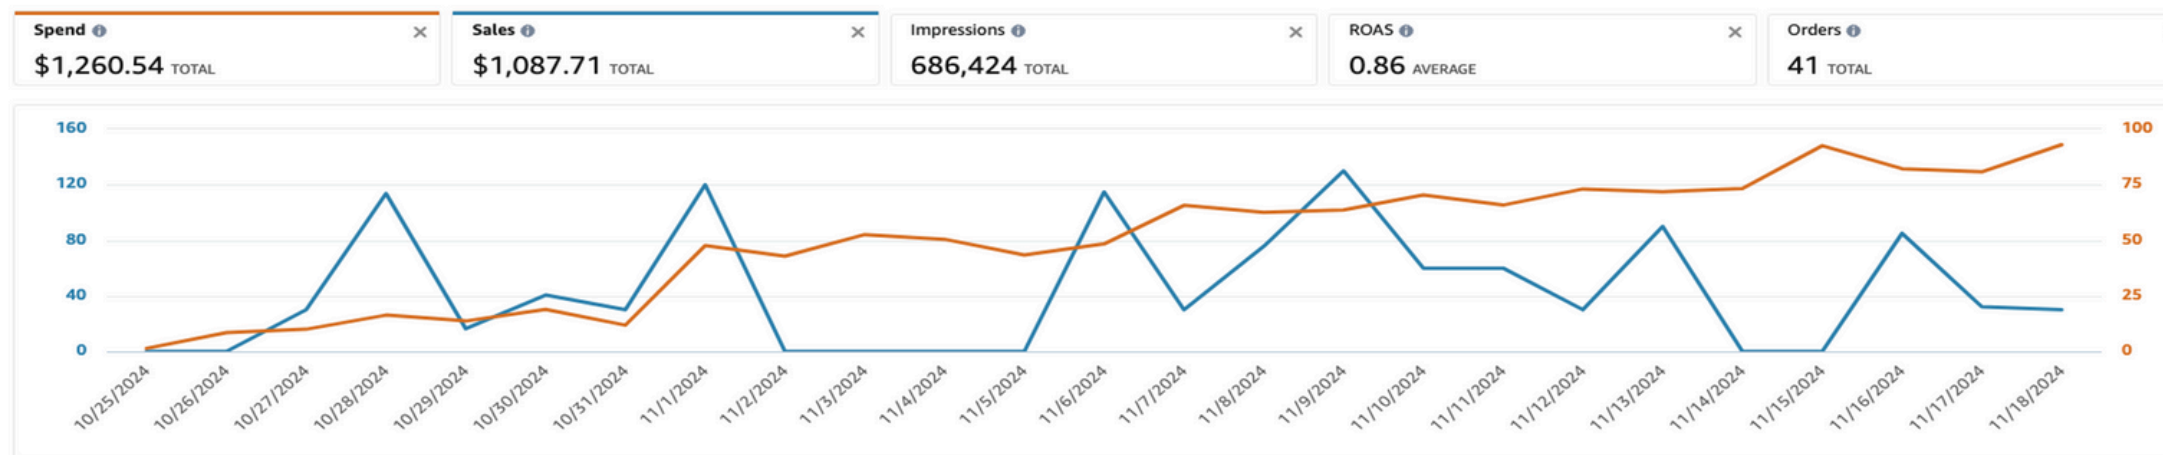

Learnings

Week 3

Week 4

We learned how to spend more wisely and how to track our progress by monitoring our goals and KPIs

Thank you!
